Billion Years Gemstone Grade Natural Stone

The annual extraction of the
"Billion Years Gemstone Grade
Natural Stone"
selected by Moorgen is very
limited worldwide
Among the large
"raw natural stone slabs"
only those satisfying the
"Moorgen Panel Pattern Criteria"
are selected
Therefore, the pattern of each panel
is to attain a certain
"visual effect", since it is natural stone
each piece has a unique pattern.

Global luxury brand Royal Wood Veneer Italy TABU

" Denmark TABU Wood Veneer Series"
Smart Panel

The world's top wood veneer supplier

"Italy TABU" natural wood veneer

made from centuries-old

Eucalyptus trees in Europe

Each piece of pattern is unique

In particular, the blue color of

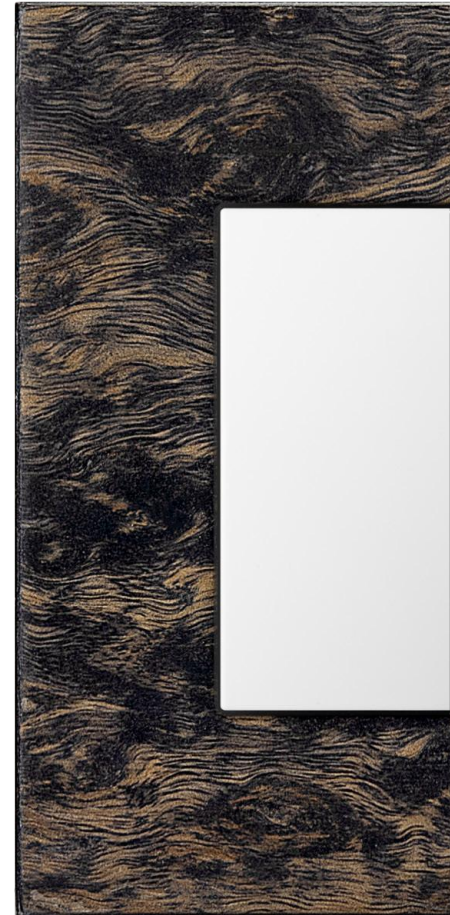

"Eucalyptus Blue" is unique to TABU

and is adopted by top luxury cars,

private jets, luxury yachts, supercars

super five-star hotels, private mansions

Landmark buildings and other top places

Each piece of "Billion Years Gemstone Grade Natural Stone" adopts "layered curing process"

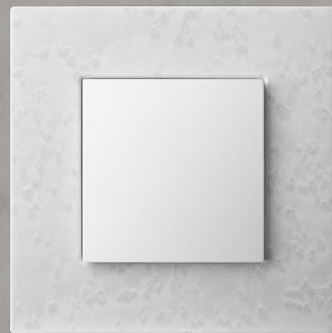

Pre-synthesis

High strength
High density
Ultra-thin
polymer soft film

After synthesis

"Denmark Gem Series" Smart Panel uses "Billion Years Gemstone Grade Natural Stone", where the pattern of beautiful gem-grade natural stone whether it is millions of years or thousands of years there is a commonality of being very fragile, so "Moorgen Denmark Panel" processes each piece of "Gemstone Grade Natural Stone" by "layered curing process".

Hidden text Patented Technology

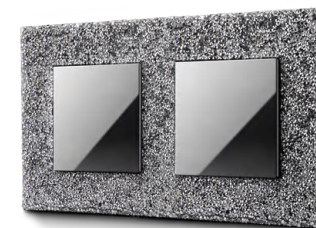

As the Denmark Series
is composed of panel frame and core
The collision of two colors
will create a beautiful visual effect
If the text on the panel core is always lit,
the whole panel will look messy
and greatly disable its visual effect
Moorgen adopts
the "patented technology of hidden text"
to present the visual effect of
the whole panel perfectly
Moorgen's R&D team uses
three different patented technologies
to achieve the "Denmark Panel
Hidden Text function"

When Someone Approaches

The panel text automatically lights up and slowly emerges
Convenient for users
Effective sensing distance 60cm

When Someone Leaves

The text on the panel will gradually darken
Effective sensing distance 60cm
